Dear Dr. Yetley,

Please be advised that Jarrow Formulas Inc. is marketing a product containing a "Structure and Function" statement on the label. According to the notification requirements set forth by the DSHEA (Dietary Supplement Health and Education Act, 1994) legislation, please be advised of the following:

Name of Product: L-Glutamine 750™

Active Ingredient: L-glutamine

Claim(s): Glutamine is a preferred source of fuel for the intestinal cells and is in high demand by skeletal muscles following physical exertion.

The following disclaimer appears on the label: This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients. A compendium of relative published research substantiating the above statement(s) is on file at the corporate office.
